

The NCSA Match Day Form (MDF) is created online by a coach or club official after logging in – a form is generated for each individual game – ONLY that form in its ONLINE version is permitted to be used for that game – it MUST be completed in full in order to play a game. The referees access the form by creating an online Game Day Documents (GDD) file consisting of both teams' rosters and MDF's. Referees have been instructed that if any form is missing within the GDD, the game will not be played. While the form is capable of being printed, referees are not permitted to accept printed forms and must rely solely upon the online form as part of the GDD.

By clicking "Save and View/Print" on the create MDF page, the person doing so is agreeing on behalf of all coaches to the following:
